About Me

Computer Science student specializing in Informatics Engineering with a strong passion for modern web development and scalable software systems. Experienced in building responsive, high-performance, and user-friendly applications using technologies such as Next.js, React, Laravel, Node.js, and TypeScript. Passionate about creating clean user interfaces, efficient backend architectures, and maintainable code that solve real-world problems through practical and innovative solutions.

Education

Universitas Dipa Makassar

Bachelor of Informatics Engineering
2022 – 2026

Relevant Studies:

Software Engineering
Web Development
Database Systems
Algorithms & Data Structures

Skills

Frontend

- React.js
- Next.js
- Vue.js
- TypeScript
- Tailwind CSS

Backend

- Laravel
- Node.js
- Express.js
- REST API

Database

- MySQL
- PostgreSQL
- Supabase
- Firebase

Tools

- Git & GitHub
- Docker
- Postman
- Linux
- Figma

Work Experience

Vice Chairman II – UKM KeDai Computerworks 2025 –2026 Makassar, Indonesia

- Coordinated organizational development and technical collaboration across divisions.
- Managed internal technology programs, workshops, and software learning sessions.
- Contributed to planning innovation projects and student development activities.

Scientific Coordinator – UKM KeDai Computerworks 2024–2025

- Led scientific and technical learning programs within the organization.
- Organized programming workshops and knowledge-sharing sessions.
- Assisted members in software engineering and web development projects.

Scientific Staff UKM – KeDai Computerworks 2024–2025

- Participated in research and programming activities.
- Collaborated on small-scale web and software development projects.
- Improved technical skills in frontend and backend development.

Featured Projects

Portfolio Website

Modern responsive portfolio built using Next.js, Tailwind CSS, and Framer Motion.

REST API Development

Scalable backend APIs using Node.js and Laravel.

Academic Information System

Developed using Laravel and MySQL with authentication and dashboard management.
